Lab1: Lab 1 -- using UNIX and lex.

Modification: Adding lex rule to count the number of numbers on extra variable.

Output Screenshot:

```
arazzak@kraken:~/abdur_razzak/compiler/lab1> make
lex lab1.l
gcc lex.yy.c -o lab1
arazzak@kraken:~/abdur_razzak/compiler/lab1> ./lab1 < /etc/passwd
Length  No. words
1       45
2       4
3       128
4       74
5       43
6       43
7       63
8       7
10      8
11      4
12      1
14      2
15      1
Total Numbers: 86
